EXPERIENCE

APEX Contractor with AT&T, Durham, NC — *Developer*

OCTOBER 2016- PRESENT

Developed workflows for customers while being able to transition between projects. Was chosen to help train and onboard new hires. Successfully learned to navigate and code using AT&T's internal programming language.

Wishcastr, Durham, NC — *Developer, Co-Founder*

OCTOBER 2015 - PRESENT

Worked closely two developers to build an application that consumes Amazon's API to track price data and notify users when changes occur.

The Iron Yard, Durham, NC — *Teacher's Assistant*

JANUARY 2016 - April 2016

Helped guide students through bug fixes and roadblocks. Graded and corrected code challenges and mentored struggling students.

Burlington Northern Santa Fe, Thayer, MO — *Conductor*

NOVEMBER 2013 - SEPTEMBER 2015

As a conductor I was in charge of all operations of train movement, including operating speed, safety of equipment and assembly.

Medical Necessities, Jonesboro, AR — *Purchasing/Compliance Manager*

MARCH 2011 - NOVEMBER 2013

Oversaw a team of 3 to implement new billing software and operation protocol. Supervised inventory over 3 locations and directly managed $7.8M in yearly revenue.

EDUCATION

The Iron Yard, Durham, NC — *Ruby on Rails Graduate*

AUGUST 2015 - NOVEMBER 2015

Spent 60-80 hours a week completing course objectives. 12 weeks of immersive Ruby on Rails with focus on Test Driven Development.

Arkansas State University, Jonesboro, AR — *Bachelors*

MAY 2009 - MAY 2010

Achieved a Bachelors in Interdisciplinary Studies with minors in History, Public Relations, and Sociology. Volunteered as a YoungLife leader while staying involved with several intramural sports teams.
